Hyderabad, 21st August 2020: MSN Group (MSN), India's leading integrated pharmaceutical company, announced free home delivery of FAVILOW to patients suffering with mild to moderate COVID-19 across 170 cities. FAVILOW is available with leading pharmacy and hospitals and MSN is partnering with retail pharmacies across India to facilitate delivery of FAVILOW to patients in need of them.

Priced at 33 INR, FAVILOW is the world's most affordable Favipiravir produced by MSN Labs. FAVILOW is currently available in 200 mg dosage strength and MSN will soon be launching FAVILOW 400 mg in the market to reduce the pill burden.

Dr MSN Reddy, CMD – MSN Group, commented *“We want our product FAVILOW, to be available across the country to patients in need of it. Our efforts to come up with home delivery of the medicine are to help the patients with easy availability. Our teams are actively working with pharmacies across the country to make this feat possible”.*

The drug 'Favipiravir' has been granted approval by DCGI for the treatment of suspected or laboratory-confirmed cases of COVID-19 in adults and children, hospitalized with mild to moderate symptoms of the disease. FAVILOW (Favipiravir) is available at all the major medical and hospital pharmacies and can be purchased by producing a prescription by a healthcare practitioner at the outlet.

As part of the COVID 19 treatment range, MSN has already launched Oseltamivir 75 mg capsules another anti-viral medication under the brand name "OSELOW".
